Excursion to The Royal Palace Gödöllő with lunch & Horse Show at the Lázár Equestrian Park & Evening Dinner Cruise on the Danube River on Private Boat ..

This morning you will visit the Royal Palace Gödöllő, the visit will start with a guided tour of the castle, this 90 minute tour also visits the riding school, stables and the Baroque Theatre.

The Royal Palace of Gödöllő is not only one of Hungary's most beautiful Baroque palaces, but it was also an important centre of royal equestrian life. In the 19th century, Emperor Franz Joseph and Queen Elisabeth — known as Sisi — often stayed here.

Queen Elisabeth was a passionate horse rider; she was exceptionally skilled and frequently went for long rides in the surrounding countryside. To meet the royal couple's needs, a riding hall and stables were built next to the palace, designed by the famous architect Miklós Ybl.

The royal carriages and horses were kept here, and this was the starting point for hunts and carriage rides around the estate. Today, the palace's equestrian traditions are still alive.

The restored Royal Riding Hall now hosts events, performances, and cultural programs.

Later in the day you will visit the Lázár Equestrian Park located in the rolling hills of the Domony Valley.

Upon arrival at Lázár Equestrian Park a welcome drink & snack will be served and then you will have a tour of the facilities which includes the competition stables and training ground of the dynamic Lázár duo (world champions in carriage driving).

Later in the day a 3-course lunch with wine will be served and this will be followed by a traditional Hungarian horse show, this 30 minute dynamic display of Hungarian horsemanship, includes horseback archery, whip tricks, and impressive feats like riding multiple horses simultaneously.

The coach will return you to your hotel in the late afternoon where you will have a few hours to relax, freshen up and change before your Evening Dinner Cruise.

This evening a Private Boat has been exclusively reserved for GROG members to enjoy a candle-lit dinner on the Danube River giving you the chance to admire the beautiful architecture of the historical building of the Hungarian Capital.

Upon boarding the Prestige Event boat a welcome drink will be served and this will be followed by a buffet dinner with an open bar (wine, beer & soft drinks)

This elegant boat was built in 1977, and was completely renovated in 2016., the interior of the boat is dominated by illustrious colours of black, white and gold and the main dining room has panoramic windows and there is also an open air terrace to enjoy the spectacular views of the City.

Following the river cruise the coach will collect you and return you to your hotel.
